

PODCAST ANNOUNCEMENT

# Spilling the Tea in GovCon – Episode 50

What Does It Take for Small to Medium Businesses to  
Achieve Cybersecurity?

## CELEBRATING THEIR 50TH EPISODE!

Join podcast host, Teresa Moon, and Blue Ridge Networks' Senior Solutions Architect, Paul Veeneman, as they discuss the ins and outs of achieving cybersecurity for small to medium businesses.

This is the 50th episode of the podcast entitled Spilling the Tea in GovCon provided by Parabilis. Paul shares his insights on what many businesses miss when addressing vulnerabilities, what they need to consider along the way as they build their cybersecurity strategies, and how simplification is a definite strength when properly addressed and implemented.

Want to hear more from Paul Veeneman? Catch his session at this year's upcoming HOU.SEC.CON event. **CLICK HERE** to learn more.

## About Us

Blue Ridge Networks, Inc., is a proven and trusted provider of effective CPS/OT/IT cybersecurity solutions. Our zero-trust quantum resistant “CyberCloak™” capabilities are protocol agnostic, compatible with legacy systems, and deploy quickly with minimal overhead. We protect continuous operations by enabling secure remote access while preventing external network infiltration and mission-critical data exfiltration.

Regulated, Commercial, and Industrial organizations have trusted Blue Ridge Networks for over 20 years to prevent exploits and receive continuous returns on their investments while achieving uninterrupted operational efficiency.
